**Subject:** Bachman Services Fire [Possible - ERRS activation - OKC]  
**Date:** 07/26/2012 08:38 AM

---

If you can get me the info before our meeting at 2:00 today it would be helpful as we still need to discuss a backup plan. Thanks.

The meeting with the RP went well yesterday and they have really stepped up their game. However, I would still like to keep ERRs in mind just in case. Joann, could you tell me the closest ERRs location or where they might be working close to Oklahoma City as a backup? I know you said Shaw is up but in this case I would prefer to have closest...Thanks.

Jo Ann,

Just a heads up, Jhana is responding to a warehouse fire that occurred yesterday in OKC. The fire resulted in a large volume of fire fighting water that needs to be dealt with. She is currently in a meeting with the PRP but she may request for an ERRS activation soon after that meeting.
